

DAN GLYDE CHAVEZ

Experienced full-stack developer with a focus on back-end development

 Cebu City, Philippines  dnachavez.dev  /in/dnachavez
 dna.chavez@outlook.com  github.com/dnachavez

Experience.

Co-Founder

Develop Kreativity
November 2023 - Present

I lead the design and development of several projects, creating platforms that meet client needs and transforming their concepts into tangible results.

Working Scholar

University of Southern Philippines Foundation, Information and Communications Technology Department
June 2023 - Present

I collaborate in the development of several web system applications for the university and its stakeholders, including an AI/ML chatbot called "AugiGPT" and an all-in-one "USPF Digital" app, as well as enhancements to existing web system applications.

Back-end Developer

MyToolz.net
July 2021 - December 2021 (6 months)

I contributed to the design and development of several web tools, including account checkers and content generators, as well as the enhancement of back-end and API infrastructures, improving service speed and the user experience.

Education.

2022 - Present

Bachelor of Science in Computer Science
University of Southern Philippines Foundation

2020 - 2022

Science, Technology, Engineering, and Mathematics
Dumalag Central National High School

Skills.
