## Experience.

### Co-Founder

Develop Kreativitiy  
November 2023 - Present

I lead the design and development of several projects, creating platforms that meet client needs and transforming their concepts into tangible results.

### Full-Stack Developer (Working Scholar)

Information and Communications Technology Department at  
University of Southern Philippines Foundation  
June 2023 - Present

I collaborate in the development of several web system applications for the university and its stakeholders, including an AI/ML chatbot called AugiGPT and the USPF Digital app, as well as enhancements to existing web system applications.

### Back-End Developer

MyToolz.net  
July 2021 - December 2021 (6 months)

I contributed to the design and development of several web tools, including account checkers and content generators, as well as the enhancement of back-end and API infrastructures, improving service speed and the user experience.

## Education.
