## Experience.

### Co-Founder
**Develop Kreativity**
November 2023 - Present

I lead the design and development of several projects, creating
platforms that meet client needs and transforming their concepts
into tangible results.

### Working Scholar
**University of Southern Philippines Foundation, Information and
Communications Technology Department**
June 2023 - Present

I collaborate in the development of several web system
applications for the university and its stakeholders, including an
AI/ML chatbot called "AugiGPT" and an all-in-one "USPF Digital"
app, as well as enhancements to existing web system applications.

### Back-end Developer
**MyToolz.net**
July 2021 - December 2021 (6 months)

I contributed to the design and development of several web tools,
including account checkers and content generators, as well as the
enhancement of back-end and API infrastructures, improving
service speed and the user experience.
